Secretary Of State Cleared Of Contempt

Circuit Judge Won't Indict Ed. J. Barrett

Springfield, Ill., Aug. 31—(AP)—Secretary of State Edward J. Barrett was cleared of a contempt charge today in the latest round of progressive party moves for ballot listing.

Circuit Judge L. E. Wilhite refused to find Barrett guilty of contempt under a progressive charge that he violated of court order by not producing a certificate for the new party's secretary of state nominee.

In dismissing the contempt citation, Judge Wilhite said he was "not sufficiently convinced" that Barrett willfully disobeyed the court order.

Did Not Have Document

"Mr. Barrett states positively he did not have the document, and that he could not have endorsed it and delivered it to the state electoral board," Judge Wilhite said.

"This was not directly denied in testimony presented here. I declare Mr. Barrett purged of any contempt of this court."

Barrett was not present for the hearing.

Through his attorney, he contended the certificate nominating Mrs. Pauline Reed for Secretary of State was never accepted by his election department and that he did not know what had become of it. Mrs. Reed was substituted by the Progressives for Mrs. Rebecca Stiles Taylor who withdrew.

Include Mrs. Reed In Decision

After losing in circuit court, Progressive attorneys later asked the state electoral board to include Mrs. Reed in its decision on whether the party's ticket gets on the Nov. 2 Illinois ballot.

The board, composed of two Republicans and a Democrat, would open hearings today on Democratic objections against the Progressives' nominating petitions.

Richard Watt, A Progressive Attorney

Richard Watt, a Progressive attorney, told the board that the party "at great effort" had met all the legal requirements for entering candidates.

"The question before the board involves the right to form a new political party and place candidates on the ballot," Watt said.

Democratic objections claimed that testimony by county clerks showed the Progressives had failed to obtain 200 or more valid petition signatures in each of at least 50 counties.

Tito Revises Cabinet; Forms Red Government

Belgrade, Yugoslavia, Aug. 31—(AP)—Premier Marshal Tito shook up his cabinet today and established a solid pro-Tito front against the Communist challenge to his leadership.

By a hastily adopted decree Yugoslavia was placed under an All-Communist All-Tito government.

Elevated to more strategic posts in the government were vice Premier Edvard Kardelj and Interior Minister Alexander Rankovic.

Those two men, along with Tito, have been singled out for special attack by the Communists, the Soviet-dominated association of Communist countries in Eastern Europe which has assailed the Tito leadership as anti-Russian and deviating from the true Marxist line.

Kardelj was promoted from chairman of the control commission to foreign minister. Rankovic was named a vice premier. He retained his interior ministry job, which gives him control over the country's police.

Kardelj replaced Stanjko Simic, a non-Communist as foreign minister. This was no surprise, since it has been known for some time that Kardelj was one of the real formulators of foreign policy. Simic was kicked downstairs to an ineffectual post of minister without portfolio.

The only non-Communist left in a high government post was Franjo Prol, minister of justice. The justice portfolio, however, is not considered one of the key positions in the government.

The other ministers all are ranking members of the Communist party, many of them in the Central committee or the powerful Politburo.

Postmaster Quits At Edwardsville

Edwardsville, Ill., Aug. 31—(AP)—Wilbur C. Gerke, postmaster here since Jan. 1, 1946, is resigning effective tomorrow. He said today he has sought to be relieved of the post for several years and that his resignation has been accepted. He will devote full time to the Madison County Abstract and Title Company, of which he is president. Edwardsville has a first-class postoffice.

ANOTHER ILLINOIS DRAFT BOARD RESIGNS

Lawrenceville, Ill., Aug. 31—(AP)—Two of four men appointed to the Lawrence county draft board have resigned.

The county's 25 year olds today filtered into the registration office to sign up for the draft as officials sought to fill the vacancies.

The resigned members, Alfred Coffey and L. E. Cook, both of Lawrenceville, gave no reason for their action. The other two board members are Dr. L. C. Baldwin, of Sumner, and C. P. Martin of Bridgeport.

Truman Considers Egg-Showers Very 'Un-American'

By The Associated Press
President Truman called for "fair play" yesterday (Tuesday) in the 1948 election campaign and he decried the heaving of eggs and soggy tomatoes at Henry A. Wallace on Wallace's tour through the South.

A Dixie police chief declared that communists and members of Wallace's own Progressive party instigated the barrages to gain "sympathy."

Mr. Truman sent word to newsmen that he considers egg-and-vegetable showers are "highly un-American" and violate "the American concept of fair play."

The chief executive added: "Mr. Wallace is entitled to say his piece the same as any other American."

In Winston-Salem, N. C., Police Chief John M. Gold said much of the jeering and egg-throwing was inspired by the Progressives. Some of the hecklers, he said, have been identified as members of the communist party.

Gold said a leader of the Progressives in Winston-Salem was pointed out as one of the crowd "who got the heckling off to a good start."

Picketing Ceases As Younger Men Register In Draft

By The Associated Press
America's new peacetime draft machinery clicked smoothly today (Wednesday) as men born in 1923—some 25 and some 34 years old—finished signing up at registration centers across the nation.

Tomorrow and Friday, men born in 1924 will have their turn.

Friction that developed Monday when the first of the 25-year-olds signed up was noticeably absent yesterday, and selective service officials said they believed there would be less picketing and protesting as registration continued.

National headquarters in Washington said there was no way of estimating how many have registered. No report will be made to Washington until Sept. 30, two days after the registration period is completed.

But a total of 9,500,000 men 18 through 25 years of age are expected to register between Aug. 30 and Sept. 18 for possible 31-month stretches in the armed forces, eighteen-year-olds will not be subject to induction until they reach 19.

Girl, 3, Dies After Tank Falls On Her

East St. Louis, Ill., Aug. 31—(AP)—Three-year-old Mary Beverly Mullen, daughter of Mr. and Mrs. John Mullen of Caseyville, Ill., died in St. Mary's hospital yesterday two hours after a 150-gallon fuel oil storage tank toppled on her. She suffered a skull fracture.

Moscow Radio Reports Death Of Prominent Red

London, Aug. 31—(AP)—The Moscow Union and the U.S.S.R. council of radio announced tonight the death of Andrei Alexandrovich Zhdanov, the party and all working people of one of the leading members of the Soviet Union that on Aug. 31, at 3:55 p.m. after a serious illness.

Several times during his career in the ranks of Russian Communism Zhdanov was mentioned as a possible successor to Prime Minister Stalin.

Zhdanov was a leading spirit in the Communist international information bureau and had served as secretary of the Central committee of the Russian Communist party.

Students of the Russian hierarchy frequently have named three Politburo leaders as among the most likely successors to Stalin. Besides Zhdanov they are foreign minister V. M. Molotov and L. P. Beria, deputy president of the council of ministers and for many years Russia's chief of secret police.

The Moscow radio broadcast recorded here by the Soviet monitor said: "The Central committee of the Communist party of the Soviet Union and the U.S.S.R. council of radio announced tonight the death of Andrei Alexandrovich Zhdanov, the party and all working people of one of the leading members of the Soviet Union that on Aug. 31, at 3:55 p.m. after a serious illness."

Progressives Ruled Off State Ballot

Springfield, Ill., Aug. 31—(AP)—Progressive party candidates were ruled off the Nov. 2 Illinois election ballot by the state electoral board today.

The board was composed of State Auditor Arthur C. Lueger, and two state supreme court justices, Walter T. Gunn of Danville, and Francis Wilson of Chicago. They sustained the objections of five war veterans who had banded together to oppose the Progressives' ballot bid. At the hearings the objectors offered evidence intended to prove that the Progressives had obtained the 200 valid signatures in only 41 counties.

Evidence further showed, the board found, that the petitions contained a number of illegal signatures which brought the totals to less than the 200 valid signatures in each of 23 other counties.

The Progressives, through their attorneys, had maintained they had obtained 200 or more valid signatures in 64 counties.

The objectors further contended that hundreds of the signatures were invalid because the signers were not registered voters or because they had disqualified themselves as valid signers by voting in the Democratic or Republican primaries last April.

The five objectors are: Don Forsyth, Springfield, former superintendent of the state automobile department; Albert M. Carter, Murphysboro; Albert Kays, Kewanee; John R. Burke, Pontiac, and A. E. Mobers, E. St. Louis.

Democrats Say They Alone Will Fight For Farmer

Chicago, Aug. 31—(AP)—Three Democratic candidates for senator from central states today advocated variable farm price supports, and long-range attacks on inflation, instead of a return to specific, OPA-type consumer price ceiling.

They said their views enlarge upon a but do not conflict with the Democratic national platform or President Truman's stand on inflation.

By resolution thirteen of the party's governor and senator candidates from eight states urged midwestern voters to reject Republican "reaction and isolationism." Their resolution said election of the Democrats would help restore "the great tradition of liberalism native to the midlands region."

The declaration ended a two-day midlands conference to discuss Democratic campaign strategy in the area. It said the Democratic candidates alone will "fight for the farmer, the laborer, the small businessman, and for peace."

Champaign Parents Mistreat Children

Champaign, Ill., Aug. 31—(AP)—A couple living in a trailer was accused today of leaving their two small children alone tied up with a rope. Mr. and Mrs. Norman Roedel were charged with contributing to the dependency of minors.

Deputy Sheriff Paul Bechtel said Mrs. Roedel told him she tied up her two and three-year-old daughters when she went shopping.

Bechtel said he found one of the girls with a rope tied under her arms and around her neck. The parents were brought to the county jail on warrants signed by Bechtel.

Naval Officer Cited For Fraud

Great Lakes, Ill., Aug. 31—(AP)—A navy court martial today heard arguments challenging validity of charges against Lt. Cmdr. William E. Johnson.

The officer faces trial on charges of fraud and unauthorized absence from duty in connection with holding a job with the State of Illinois for more than 12 months while drawing full Navy duty pay.

The court considered arguments against the charges today in a close session. An attaché said Johnson's arraignment probably will be held tomorrow.

CONGO POPULATION UP

Brussels—(AP)—The European population of the Belgian Congo has risen from 27,781 in 1939 to 43,403 in 1947. Seventy-five per cent of them are Belgians. During the same period, the negro population has increased to 10,700,000. The Congo is one of the largest of the Belgian colonies whose population is now about 8.5 millions.

Grand Jury Will Report On Shelton Case Saturday

Peoria, Ill., Aug. 31—(AP)—A grand jury investigating the alleged \$25,000 attempted bribery of mobster Bonnie Shelton, will report its findings Friday afternoon or Saturday, it was disclosed today.

Special Prosecutor Verle Safford said he thought the grand jury would be ready by then.

"We feel we are getting the facts, we are seeking," said Safford.

The investigation was recessed this afternoon until 10 a.m. Thursday. Several witnesses are expected to appear then. A possible witness Thursday is Mrs. Dixie Gatewood, wife of Roy Gatewood, alleged bribery intermediary. Others are Roscoe Zerwekh, former chairman of the Peoria county board of supervisors, and Howard S. Schneblin, resident of the Farmington road section near where Shelton was slain.

The jury is probing claims that before Shelton was cut down by an assassin's gun he was asked to pay a \$25,000 bribe by an intermediary, according to state attorney Roy P. Hull. It is alleged the payment was to be in return for dismissal of assault indictments against Shelton and other gang members. Hull has denied the claims and asked for grand jury inquiry.

Co-Founder Of Czech Republic Is Seriously Ill

Prague, Czechoslovakia, Aug. 31—(AP)—An official bulletin said tonight former President Eduard Benes has become unconscious and that his condition is "extremely serious."

Benes' doctors said in a report issued at 7 p. m. that he lapsed into unconsciousness at 5 a. m. today when he underwent a "new and serious deterioration."

The 68-year-old co-founder of the Czechoslovak Republic, who resigned the presidency in June, suffered a stroke a year ago and has been in poor health since then. His doctors disclosed last night that he became seriously ill again a week ago. He is at his country home 60 miles south of Prague.

The doctors' report said the trouble appeared to be with his circulation, although his lungs appeared to be functioning normally.

Benes rode out Czechoslovakia's Communist revolution last February, but bowed to the party's demands for more power in the cabinet. That struggle apparently made inroads on his health.

Hurricane Threat Along Eastern Coast Abates

Hatteras, N. C., Aug. 31—(AP)—The threat of a tropical hurricane to the North Carolina-Virginia coast appeared to have lessened today.

The U. S. Weather Bureau said the storm is "apparently receding slowly and is moving north-northeastward," which would be away from land.

This battered down area, however, was still endangered by steadily mounting winds and pounding seas as it caught the edge of the recurring hurricane.

The U. S. Weather Bureau in a 3 a. m. "CST" advisory from Miami said "winds will continue to increase on the North Carolina coast, reaching gale force this morning and probably near hurricane force late this morning or this afternoon."

The advisory centered the storm at approximately 140 miles southeast of Cape Hatteras, advancing at about 8 to 10 miles per hour.

Intensity of winds near the hurricane center was estimated at 115 miles per hour and covering an area with a radius of 50 to 60 miles. Gale extend over a radius of about 140 miles, the Bureau advised.

C.I.O. Secretary Refuses To Appear At Labor Inquiry

Washington, Aug. 31—(AP)—James B. Carey, secretary of the C.I.O., today refused to appear at congressional hearings on the question of communism in the C.I.O. United Electrical Workers.

A House labor committee will open hearings on the electrical workers tomorrow. It had asked Carey to testify.

Carey gave reporters copies of a letter to Rep. Kersten (R-Wis.), chairman of the subcommittee.

He wrote Kersten that he believes "such inquiries are not within the competence of Congress."

The United Electrical Workers, Carey added, is a "non-governmental organization" and in his opinion its "internal questions are only within the competence of the members of that organization."

File Draft Cards In Waste Basket

Decatur, Ga., Aug. 31—(AP)—To most Janitors a wastebasket is just that and nothing more.

DeKalb county draft board officials packed the cards of the first day's registration in a wastebasket and deposited it in the office of the county police. They told authorities the draft board officials would pick up the cards today.

When the chairman arrived, a spiral of smoke was rising from Monday's draft cards.

"We will write letters to all those who registered and ask them to come back," said Vernon Frank, vice-chairman of the draft board.

East-West Negotiations Transferred To Berlin

AUTO INSPECTOR LAW PRODUCES NEW JOB

Raleigh, N.C., Aug. 31—(AP)—North Carolina's automobile inspection law has produced a new occupation here—car sitting.

Some motorists in the long lines of cars trying to beat today's deadline on certain models have hired car sitters to do their hours of waiting for them.

The current rate: 50 cents an hour.

Robert Schuman Officially Named Premier Of France

Paris, Aug. 31—(AP)—Robert Schuman was named premier of France tonight. The National Assembly confirmed him by a vote of 322 to 185.

In the face of growing labor unrest Schuman came out against general wage increases. He said also that he favored price hikes on milk and bread and new taxes amounting to 80,000,000 francs (\$26,600,000) to meet the budget deficit.

The unofficial counters said the assembly gave Schuman, a Popular Republican (MRP), 320 votes. Before the balloting began he was assured of the support of his own party, the socialists, radical socialists and the independents.

Schuman needed 311 votes to win. The official count was expected to be between 320 and 330.

In asking for support Schuman said the freedom of France was at stake. In grave tones he told the assembly France "consumes more than she produces, abandons her money, lets speculation set the national living standard and gambles, through repeated crises, the existence of her political institutions."

C.I.O. Executive Board Endorses President Truman

Washington, Aug. 31—(AP)—The C.I.O. executive board today endorsed President Truman for a full term in the White House, beating down opposition led by its pro-Wallace faction.

The vote was 35 to 12 in favor of a long policy statement praising the Democratic platform and lauding the "high courage" of Mr. Truman in his civil rights fight.

On the other hand, the majority of C.I.O. leaders scorned the Republican platform, which they said "condemns itself."

Republican nominee Thomas E. Dewey was described as "the candidate of big business."

It took the C.I.O. leadership all day to get down to a vote. Speeches were made by both major factions within the board. President Philip Murray and Secretary-Treasurer James B. Carey argued for the Truman endorsement, but refrained from casting a ballot.

Three Soldiers Killed In Blast At Fort Jackson

Fort Jackson, S. C., Aug. 31—(AP)—Three soldiers were killed and 23 others injured, three critically, in an explosion here today, army authorities reported.

Capt. Anderson P. Neely, post public information officer, said a full investigation is in progress and that few details would be released until it is completed.

He declined to say what the nature of the explosion was.

Names of the dead and injured were withheld.

Neely and his assistant, Lt. J. A. Reese said the explosion, timed at 12:45 p.m., occurred while a company of recruits was marching along a road to a machine gun demonstration at the post air strip. All the men involved were recruits, Neely said.

First aid was administered at the scene to the injured men and army ambulances rushed them to the station hospital.

Chicago, Aug. 31—(AP)—A mental health expert today found Wm. McNeil of Macomb, Ill., the 13-year-old boy with the fiery touch, normal, but "a victim of a family mixup and divorce."

Wm. was named by John Burdard, assistant state fire marshal, as the sole cause of some 200 fires which blossomed on the farm of his uncle and aunt, Mr. and Mrs. Charles Willey.

The blazes, which Wm. set when the family "wetter" watching me," destroyed the Willey home and two barns. The girl, her father, Arthur, her brother, Arthur, Jr., and the Willeys were driven to live in a makeshift tent. Then, when they all moved into a neighbor's four room house, there were more fires, all minor.

The fires were a two week mystery sensation, and experts were called each other in speculation on far-fetched causes. Fly spray, roach paste, radio beams, and hot isotopes were mentioned.

But, Burdard spoke of the human element while fancy theories were being aired. And, yesterday, after

Allege Peters Was Leader Of Communists In America

New York, Aug. 31—(AP)—Four one-time communists today identified "J. Peters" as a key figure in operations of the party in the United States in the 30's.

They testified at a deportation hearing for the mysterious Peters, described by Whitaker Chambers to the House un-American activities committee as the top man in the communist underground in this country.

One deportation witness, Maurice Malkin, said Peters was "the big boss" in the communist party who organized action committees designed to take over the U. S. in time of war or economic crisis.

Another, George Hewitt, testified Peters preached that the U. S. "must be destroyed."

Andrew Smith, a third witness, said Peters was "the most active man working for the revolution in America."

Roy Adams Denied New Trial: Gets 14 Year Sentence

Chicago, Aug. 31—(AP)—Roy Adams, 14, was denied a new trial today and sentenced to 14 years in prison for murdering an eight-year-old girl.

His mother, Mrs. Evelyn Adams, was his only relative present among the handful of spectators at the hearing before Chief Justice Cornelius J. Harrington of the Criminal court.

"Roy Adams, do you wish to say anything before sentence?" the judge asked the boy, standing quietly before the bench.

"No," he replied.

After pronouncing sentence, Judge Harrington expressed regret the state "does not have the real facilities for handling a case like this."

The judge has advocated for many years establishment of a military vocational school for youthful criminals.

Adams will be taken first to a diagnostic depot at Stateville penitentiary. After examination by physicians, psychiatrists and psychologists, prison authorities will choose the institution where he will be confined.

Mrs. Dry was a specialist in parliamentary law. She was the widow of Alva R. Dry, a Peoria attorney. Survivors are two daughters, Mrs. Robert F. Baldwin of Oak Park, Ill., and Mrs. Donald Trulock of Newark, N.J., and a brother, Dr. Calvin E. Brown of Chicago.

Freepport, Ill., Aug. 31—(AP)—Mrs. Carrie M. Dry, 71, long prominent in Illinois Women's club circles, died today.

She was formerly vice president and historian of the Illinois federation of women's clubs and headed the federation's 13th district. She was also a past president of the Freepport Women's club.

Mrs. Dry was a specialist in parliamentary law. She was the widow of Alva R. Dry, a Peoria attorney. Survivors are two daughters, Mrs. Robert F. Baldwin of Oak Park, Ill., and Mrs. Donald Trulock of Newark, N.J., and a brother, Dr. Calvin E. Brown of Chicago.

State Macomb 'Fire' Girl Victim Of Family Mix-Up

Chicago, Aug. 31—(AP)—A mental health expert today found Wm. McNeil of Macomb, Ill., the 13-year-old boy with the fiery touch, normal, but "a victim of a family mixup and divorce."

Wm. was named by John Burdard, assistant state fire marshal, as the sole cause of some 200 fires which blossomed on the farm of his uncle and aunt, Mr. and Mrs. Charles Willey.

Attempt To Break 69-Day Blockade

Berlin, Aug. 31—(AP)—East-west negotiations to break the 69-day blockade of Berlin, shifted from Moscow to this city tonight with a meeting of Germany's four military governors, their first in five months.

Coupled with their discussion on practical steps for lifting the siege of Berlin was the highly technical problem of finding a way out of the confusion created by two rival currencies in this city of three and a quarter million people.

After conferring for only an hour in the huge grey stone allied control council building, the Russian, British, American and French military governors left without making a formal statement.

Will Meet Tomorrow
However, Gen. Lucius D. Clay, the American commander, said "we will meet again tomorrow."

It was understood top financial advisers to the military governors will get together in the meantime to discuss technical details of the money problem with the aim of getting agreement for a single currency here. In the Russian view, such an agreement is essential for working out any final east-west agreement on Berlin as a whole.

In Washington the American State Department declared measures for lifting the blockade were among the points before the conference. However, Gen. Clay said he could not answer questions along that line.

Define Amicable
Asked by correspondents if today's conference went off amicably, an American official answered, "it depends on what you call amicable."

A crowd of at least 200 curious Germans stood outside the gates of the building where the allied control council held its last meeting on March 20. The Russians walked out of that meeting, declaring the western powers were splitting Germany with their plans for a west German government.

The four-power discussions which shifted here after more than a month of negotiations in Moscow, began after the arrival of Francois Seydoux, political and diplomatic advisor to Gen. Pierre Koenig, the French military governor. Seydoux has been acting as advisor to Yves Chataigneau, French ambassador in Moscow, during the negotiations.

Reach Currency Agreement
It was understood that he brought directives from the three western power envoys in Moscow who were reported to have reached agreement on the principles of a currency agreement with the Russians. The western envoys in Moscow were reported not sufficiently acquainted with the technical details, however, and thus the negotiations were shifted to Berlin for settlement of details.

The directives which Seydoux brought, was reported, provide for the use of a single Soviet-backed currency in Berlin under four-power supervision.

Evansville Plant Reopens; Workers Cross Picket Line

Evansville, Ind., Aug. 31—(AP)—Picketers jeered but stood aside as about 400 workers entered the strikebound Bucyrus-Erie plant here today. Close by were 140 Indiana State Troopers heavily armed and ready to quell any disturbance.

Plant officials said they expected more workers to report during the day. It normally has about 1,600 workers engaged in the manufacture of road construction machinery.

Leaders of the striking CIO-Electrical Workers Local 818 had indicated efforts would be made to prevent employees from entering the plant.

In addition to the State Troopers on duty, several National Guard units had been alerted to stand by.

The strike began last July 30 after the company refused to deal with the union on the grounds it was "Communist-dominated." Last week the company obtained a restraining order against mass picketing and announced it would re-open the plant today.

After saying that Wm. was not abnormal, Dr. Sloman added: "Her story was that she set the fires in an effort to effect a situation which would result in her return to her mother. She was a victim of a family mixup and divorce as some kids are. It was a case of a little kid caught in the middle."

The Norbury Sanatorium cooperative observer for the U.S. Weather Bureau, yesterday reported the official temperatures for Tuesday as follows: high 84; low 59; and at 1 p. m. 76.

Forecast for Illinois—Generally fair with little change in temperature Wednesday.

DEATH OF CHARLES EVANS HUGHES

Charles Evans Hughes, a man of extraordinary talents as a lawyer, jurist and statesman, did not attain the highest goal he reached for—the presidency. He tried in 1916, against Woodrow Wilson, and missed by 3,777 California votes.

Political observers report that he lost California and the election because he snubbed Hiram Johnson, a senator from that state, in his campaign tour. Johnson failed to take the stump for Hughes.

But one little incident was hardly enough to keep a man of Hughes' talents from the White House during an era in which his party was in the ascendance. Hughes was not out in the political mould. His personality was unable to register changing moods as the political exigencies required.

Neither was Wilson the typical politician. But Wilson did not make a serious blunder. And this was the one election in Hughes' active political career (not counting the Bull Moose split of 1912) when a Republican could not expect to win without much effort.

But, while he was widely believed to have been soured by this experience, it did not wear him down. He lived to be 86, and died last week.

Time will not dim his achievements—a translator of Greek at eight; college student at 14; a famous prosecutor in his early '40s; twice governor of New York; U. S. supreme court justice and later chief justice; secretary of state from 1921 to 1925—truly a man of great ability.

Story of Mooseheart "City of Children" to Appear in National Magazine

The Child City, operated and maintained by the Loyal Order of Moose for the care and training of orphan children at Mooseheart, Illinois, has long been recognized as the world's finest home of its kind. Even though the Child City has been acclaimed by scientists and educators all over the world and has been visited annually by hundreds of thousands of visitors, it has not been generally in the public eye until just recently, when nationally circulated magazines and Sunday supplements "discovered" its outstanding difference from the ordinary type of orphanage. The complete story of Mooseheart, the Child City, will appear in the September 4 issue of SATURDAY EVENING POST illustrated with a host of beautiful and distinctive color photographs.

The Child City is located 35 miles west of Chicago on a tract of more than 1200 acres situated on the beautiful Fox River in northern Illinois. The terrific differential between Mooseheart and the average orphanage cannot be better described than through the use of the statement made to the POST by one of Mooseheart's graduates, Russell Raycraft who, at thirty-three, is an executive of one of the largest radio agencies in the country.

In his statement to the POST, Raycraft said, "My father died, leaving our mother, my sister, Mary, and myself entirely dependent. We had to go to Mooseheart and none of us wanted to go. To me it was an orphanage and orphanages were red-brick, dismal, repulsive places. We walked up the tree-lined avenue to Mooseheart and I dreaded the end of the walk—the usual red-brick building. Suddenly we came into full view of Mooseheart's great expanse—no red-brick buildings but fine, bright homes spread out on hundreds of acres of beautiful lawns. I loved Mooseheart from that moment and I will until I die. I've been around, I've made a career, fought in a war and have seen many foreign lands, but I still get homesick for Mooseheart."

Mr. Leo F. Ode, Secretary of the local lodge of Loyal Order of Moose, advises that six new homes at Mooseheart have just been opened for boys and girls ranging from babes in arms to seniors in the Mooseheart high school. The article, "City of Children," written by Warner Oliver, will be of great interest to every parent in this community.

Camp Ellis Is All Right—But Its Not Like Home

BY ROBERT E. BRADNEY

"I can't get 'em up, I can't get 'em up, I can't get 'em up in the morning."

So goes the old army tune that nobody likes except people who can sleep late.

Some 25 Jacksonville men recently learned the significance of the song. They are members of Company "G," 123rd regiment, 4th division, National Guard. They fought the battle of Camp Ellis, in a two week basic training period in which they learned how to get a sore shoulder when shooting a rifle, how to get blisters on eleven places on ten toes, and how to wash pots and pans in ways which would amaze the average housewife—whatever that is.

Walter Lonergan is one of the hale and hearty who survived the ordeal, and who claims he enjoyed it. Lonergan, who resides at 1157 West

Lafayette, graduated from Routh High and will be a sophomore at Illinois College this fall. He states that he will eventually be an engineer. He enlisted in the National Guard last May.

"We hurried down to the Legion Home early Saturday morning," Lonergan said. "After several minutes of minute preparation we were ready. We waited. Time passed. We waited. More time passed. At 11:45 we dashed from Jacksonville. You know the army!"

It did have a familiar ring. Arrived Saturday afternoon

Company "G" arrived in Camp Ellis Saturday afternoon and awaited with trepidation forthcoming events. Nothing was forthcoming except tellers of tall tales who oriented the company. "Ya git shots with needles a foot long with square tips on them. Da pain is unbearable." This had no effect. Company "G" had had its shots.

All went tolerably well, Lonergan said, until the sergeant arrived on the scene. The sergeant was a mean, tough, humorless big fellow—typical sort of sergeant—who taught the men how to make their beds.

You take the end of the sheet, nine inches up, and fold it over. None of those sloppy rounded corners. You take the upper end of the sheet and turn it one-half inch down, using the thumb and forefinger extended at a forty-five degree angle. You... On it went.

Army officials joyously state that the common average soldier can make a bed better than the common average housewife. The statement is rarely made by husbands, though. Reason? They make the beds from that point on.

Given Usual Instruction Company "G" was given the usual instruction. A favorite trick of the army is to take unsuspecting young men and to show them how to adjust the rifle sling on their arm when firing on the range. The sling, Lonergan said, is pulled so tight that an acrobat would have difficulty in getting into firing position. Putting on the sling drew forth

the comment in World War II that there were three ways in which to put it on—(1) the right way, (2) the wrong way, and (3) the army way. "The range was the best part of our training," Private Lonergan said. "Some of the men on the range got black eyes and sore shoulders, but every man in Company "G" did pretty well."

Bayonet practice provided an experience in coordination for the regiment. "Colonel Selk taught the class," Lonergan said. "He challenged any man in the regiment to come out and take the bayonet away from him, or to try to stick it in him. No one accepted."

Zenge was "volunteered" Lonergan went on to say that Keith Zenge of Jacksonville was "volunteered" to knock the Colonel down. The demonstration ended with Zenge on the ground and the Colonel, and not a young one either, remaining upright. Pvt. Zenge could not be reached for comment.

Young Lonergan was "honored" with K. P. three times. He said that he got a taste of all the work from mopping floors to scrubbing ice boxes. Hours were convenient, from 3:30 a.m. to 8:30 p.m. And, Lonergan reports, mess sergeants are still mess sergeants. All concerned will understand.

During the two week training period, the men were given classes in chemical warfare, military courtesy, compass reading, band grenade technique, marching and bivouac, the works.

March Was Rough Lonergan said that the march to the bivouac area was a little rough, five miles out, but that Company "G" did not lose a man. Rumor had it that 40 men were lost with painful feet.

According to Lonergan, the army is still the army. Mess sergeants still take perfectly good food, and pile it all together into an indescribable hodge-podge. Men coming in from pass still tip over bunk when all respectable human beings should be asleep. G. I. showers are still in order.

But the life still has appeal. Lonergan said that he loved it, and that he is going next year. "The experience was not only enjoyable, it was profitable," he said. "We learned a lot. Only I never realized before how comfortable my bed at home really is!"

Former Ashland Girl Is Married In San Diego

Ashland—Relatives here received the marriage announcement of Miss Margaret Sinclair, daughter of Mr. and Mrs. W. J. Sinclair, former Ashland residents, and Robert J. Lazar. The wedding took place in La Mesa Central Congregational church, in San Diego, Calif., on Saturday, Aug. 14.

The bride attended the local grade school, moving with her parents to the Imperial Valley, Calif., a few years ago.

The bride is a graduate of San Diego State College where she was a member of the Can and Gown. She is a member of the teaching staff of Crossmont Union high school.

Her husband was affiliated with the Tau Delta Chi fraternity while a student in the San Diego State college. He also studied at the California State Polytechnic college. After their honeymoon the couple will return to San Diego to reside.

The groom's father is a retired commander of the Navy.

109 Boys From Roodhouse See Big League Game

Roodhouse — One hundred and nine Roodhouse boys were transported in nine automobiles and two school buses to St. Louis, where they witnessed a major league baseball game. The trip was sponsored by the Roodhouse Barbershoppers, Chamber of Commerce, American Legion and Rotary club.

Mrs. Oscar Langley of Roodhouse and daughter, Mrs. Harlan Lemon of Rockbridge are spending two weeks in the home of another daughter, Mrs. F. C. Watkins of Wichita, Kansas.

The Boosters class of the Methodist church held a 5 o'clock picnic supper at the city park Sunday evening, honoring the teacher, Harold Miller. For several years Mr. Miller has been a member of the high school faculty. He will leave this week for Rochester, Mich., where he has been employed by the high school. The class presented Mr. and Mrs. Miller with a farewell gift.

Fred Leitze Is Well And Active At Ninety-Four

Glasgow—Fred Leitze, Glasgow native and long-time resident here, celebrated his 94th birthday on Aug. 18, at the home of his daughter, Mrs. Josephine Cowan, 1600 Greenwood Ave., in Alton, where he resides.

He was born in Glasgow Aug. 18, 1854, the son of Mr. and Mrs. John Leitze, Glasgow pioneer residents. Despite his age, he is in good health and active. Since he returned from his life work as carpenter about 18 years ago, he has lived with daughters in Jerseyville and Alton. Although 94 years old, he thinks nothing of boarding a bus to travel between the two towns.

Of his eight children, two live in Alton and are Mrs. Cowan and Mrs. Elizabeth Zeph, 301 Main street. The others are Mrs. Nova Tedore of Jerseyville, Mrs. Kate Burnett, near O'Fallon, John of Milton, Logan and Joe of Chicago, and Iva of Hillview.

Although he technically gave up his profession as carpenter and cabinet maker when he left Glasgow 18 years ago, he continued to help erect houses and other buildings in Jerseyville and Alton until about 10 years ago. Now, he spends most of his time visiting and being visited by friends, and waiting for those birthday parties like the one that marked his 94th year.

Being an ardent Cardinal baseball fan, he probably can lay claim to being the oldest Cardinal rooter in Alton. In the political field, he is a staunch Republican.

SOME INTERESTING FIGURES AND WHAT THEY MEAN

Retail trade in Morgan County totaled \$7,289,149 during the first quarter of 1948, a gain of 12.9% over the same period last year and 171.7% more than in the first three months of 1941.

A substantial part of the gain in dollar volume was due to higher prices. The true change in sales volume was 9.4% over 1947 and 46.5% over 1941 for the same three month period.

The figures show a progress to which The Farmers State Bank's service has made a conspicuous contribution.

Ad Taker Surprises Owner Of Lost Watch

An Indianapolis woman has her valuable wrist watch again, a local man has received a reward, and the Journal Courier is happy to have participated in the transaction.

The Indiana woman stopped to shop in Jacksonville a couple of hours while passing through this city last week. After returning to her automobile she discovered that her watch was missing.

She visited the Journal Courier business office for the purpose of placing an ad in the lost and found column. Instead, she was agreeably surprised.

The young woman who prepared to take the ad asked her to describe the lost watch. The Indianapolis woman did so perfectly. She was then informed that a watch such as she had described had been found and taken to the Journal Courier office.

The delighted tourist was given the watch, together with the name and address of the finder.

A letter of appreciation and a substantial reward were received Monday of this week by Eugene Flood, 324 East Beecher avenue, finder of the timepiece, who turned it in to the newspaper office.

The Journal Courier advertising service was not actually used in this instance, but the recovery of the watch and its return were a tribute to what it offers the public. Mr. Flood knows that the newspaper serves as a clearing house for missing articles. The Indianapolis woman knows it, too.

Two Accidents Mark Week End In Jerseyville

Jerseyville—Harvey Martin, seven year old son of Mr. and Mrs. Preston Martin of this city, suffered a severe head injury about 6 o'clock Saturday evening while experimenting with a cartridge.

According to reports, the boy adjusted a string as a fuse to the cartridge and lighted the fuse to the improvised bomb. He then dropped the shell and the burning fuse into the basement of the home. He waited for the expected explosion which did not materialize as soon as anticipated. He thrust his head through a basement window to determine what had happened to his experiment.

His action was just in time to receive a fragment of the shell in the forehead as the shell exploded. A local physician was called to staunch the flow of blood from the boy's head and administer anti-tetanus serum.

Burnt In Car Wreck
Paul Austin of this city suffered injuries about the head and knees in a motor vehicle accident on highway 67 near here.

Austin was driving toward Jerseyville proceeding north and was approaching the site of another accident. A truck, also proceeding north, passed Austin's car and after passing the latter vehicle made a sudden abrupt stop. Austin's car crashed into the back of the truck. Austin's car was badly damaged by the impact. Austin was brought to the offices of a Jerseyville physician for treatment.

Two Registering Points In County Closed By Board

Estelle Neff, chairman of the Morgan county graft board, announced Tuesday, the closing of the Chapin and Mercedosa points of registration. Men from those areas, between the ages of 18 and 25, must now register in either Jacksonville or Waverly. Mr. Neff did not assign any reasons for the action.

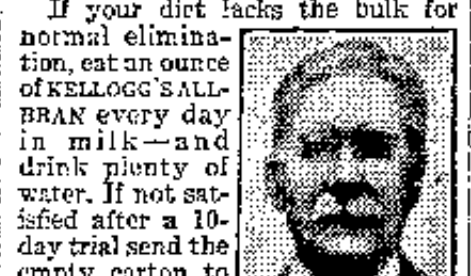

The American Legion homes in both Waverly and Jacksonville are used by the draft boards for registration.

Mr. Neff reported that 210 men registered throughout the county Monday. Through Tuesday, men in the 25 year old group kept registering.

Lowly Chicago Cubs Jolt Dodgers Twice

Chicago, Aug. 31.—(AP)—The tail-end Chicago Cubs dealt the pennant hopes of the Brooklyn Dodgers a tough jolt today as Hank Borowy and Doyle Lade pitched the Cubs to a 3-0 and 7-2 triumphs over the league-leaders before 45,531 paid customers.

The twin setbacks snapped a seven-game Brooklyn win streak and cut the Dodgers' margin over the runner-up Boston Braves to a half game. The Braves met the Reds in Cincinnati tonight.

Borowy pitched one of the best games of his career in the opener as he yielded only one hit. That was a second-inning single by Gene Hermanski. Hermanski, who was nipped attempting to steal, was the only Dodger to reach base.

California Girl Continues To Win In Tennis Tourney

Philadelphia, Aug. 31.—(AP)—Beverly Baker of Santa Monica, Calif., continued her sweep through the 31st national girls tennis championship today at the Philadelphia Cricket club but two other seeded stars were eliminated as the field was reduced to 16.

Miss Baker, the top favorite, allowed Mary Clare Koles of Madison, Wis., only one game, winning 6-1, 6-0.

Barbara Becker, of Peoria, Ill., and Marjorie Norris, of Winchester, Mass., were the seeded stars who lost. Miss Becker was knocked out by Mela Ramirez, 17-year-old Mexico City, Mex., star, 6-1, 6-1, while Norris defaulted to Tobia Greenberg, of Chicago, after losing the first set 7-5 and trailing 5-1 in the second. After the singles field was reduced to 16, play was started in double competition.

Alice Bauer Wins In Western Link Tournament

San Francisco, Aug. 31.—(AP)—Alice Bauer, 25-year-old Long Beach girl, chalked up a first-round upset in the Women's Western Amateur Golf championship today when she defeated Mrs. Jackie Pung, Honolulu, one up.

The result sidled the tournament co-medalist, Mrs. Pung, 600 champion of Hawaii as well as Northern California Open title holder, shared yesterday's qualifying laurels by shooting a par 75 on the Olympic club's Lakeside course.

It was an all-round winning day for the Bauer family. Alice's 14-year-old sister, Marjorie, co-medalist, eliminated Barbara Ransom, Stockton, 3 and 2.

Alice carded a 30-40-79 against Mrs. Pung's 41-39-80. Another reversal saw Betty Mackinnon of Texarkana, Ark., defeat Peggy Kirk of Findlay, Ohio, 4 and 3.

Miss Kirk, one of the country's high ranking players, was badly off-form and finished nine over par. Miss Mackinnon Arkansas champion, was 2 up at the ninth with a 40 to a 62.

The upset wave also swept the Texas title winner, Betty Mims, White of Dallas into discard. She lost to Pat McPherson of San Mateo, 1 up on the 18th.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Aug. 31.—(AP)—Prices on live hogs were 25 to 75 cents lower today, cattle were steady to 50 cents higher, top native lambs 25 cents higher, and other sheep classes steady to 50 cents lower, the latter decline appearing on yearling wethers.

High-choice steers equaled the all-time record peak of Monday at \$41.40 and most good to average-choice kinds sold between \$33 and \$39.75.

Colorado-fed heifers topped at \$37.75, medium and good beef cows fetched \$19.50 to \$22.50 and bulls \$21 to \$24, while the practical top on choice vealers was \$29. Stockers and feeders were called slow, with prices barely steady.

Native spring lambs took \$25 to \$25.50 for good and choice types, the top price also going to two loads of comparable western springers.

Slaughter ewes ranged downward from \$12.

Total receipts included 9,000 hogs, 4,700 cattle, 500 calves, and 3,000 sheep.

New York Stock Market

New York, Aug. 31.—(AP)—Demand for rail issues peaked up late today in the stock market.

Some of the carriers gained as much as a point while others were held steady or lost a fraction. Gains and losses were about a stand-off.

Demands ran a little below yesterday, when turnover amounted to 600,000 shares.

The improved trend of news regarding Berlin seemed to have little if any effect on the price trend. Trading again was largely professional.

Higher prices were paid for Chesapeake & Ohio, Rock Island, U. S. Steel, Packard, Goodyear, and General Electric.

Holding back a bit were Youngs, Low, Sheet, Goodrich, Sears, Rockwell, Douglas Aircraft, Phelps Dodge and Owens-Illinois.

Domestic bonds jogged along an uneventful price route. In over-the-counter trade U. S. Government 2 1/2 of September 1960-72 found a firm footing.

Kiwanis Softball Team Wins, 9-5, Over Exchanges

The Kiwanis club softball team downed the Exchanges, 9 to 5, in the only game played at Nichols Park diamond Tuesday evening. The Lions won by a forfeit, 7-0, when the Rotary team failed to show up for their scheduled contest.

The Kiwanians led their decision over the Exchanges in the last half of the fifth inning when they put together two singles, a walk, an infield hit, a two-base error and a triple good for six runs.

The Exchanges came up with two runs in each of the last two innings but couldn't overcome their opponents' commanding lead.

Hills, leftfielder for the Exchange club, led his team at bat with a single and two doubles. George Peribix, centerfielder for Kiwanis, featured his team's attack with a single and a triple and drew a walk.

Athletics Sign Sandlot Pitcher

Philadelphia, Aug. 30.—(AP)—The Philadelphia Athletics today signed Dick Blumman, lanky 19-year-old right handed scribe-king of the Detroit sandlots.

Blumman, a six foot five inch pitcher who formerly hauled for Detroit's Baldwin high school and an American legion team, was signed after the struck out 18 batters in a game last week while holding his opponents to three hits.

He will report to the A's training camp next March.

PUBLIC SALE OF FARM LANDS

On September 11, 1948

at 10:30 o'clock A. M. (D.S.T.) at the South Door of the Court House in Jacksonville, Morgan County, Illinois, the undersigned will sell at public auction to the highest bidder or bidders

327 Acres of Valuable Farm Lands

more particularly described as follows:

The South Half of Section 10, Township 14 North, Range 10 West of the Third Principal Meridian, except that part thereof taken for reservoir purposes by the City of Jacksonville. Also the East Half of the Northwest Quarter and the West half of the Northeast Quarter of Section 15, Township 14 North, Range 10 West of the Third Principal Meridian, in Morgan County, Illinois. 300 acres of the above farm is level, tillable, and highly productive farm land. Approximately 27 acres good pasture.

The above farm lands will be sold in parcels and as a whole. This is one of the best and most productive farms in Morgan County, Illinois.

Improvements as follows: One 10 room dwelling house with electricity, two tenant houses, two cattle barns, scales, corn crib and machine shed. There are 8 good wells on the premises, plenty of water available at all times. Fences and buildings are all in good state of repair.

This farm is located about six miles Southeast of Jacksonville, five miles South on U. S. Route No. 67 and then 1 1/4 miles East on good gravel road, lying immediately South of Lake Jacksonville. Gas available from Panhandle Pipe Lines.

Growing crops reserved. Possession March 1, 1949 subject to tenant's lease expiring March 1, 1950. 1948 taxes payable in 1949 will be paid by the sellers.

TERMS: 25 Per Cent on Day of Sale, Balance on January 15, 1949.

Abstract of title will be furnished. Further details on day of sale. Abstract may be seen at office of Attorney Edward J. Flynn, 222 West State St., Jacksonville, Ill. For further information contact auctioneers or attorney.

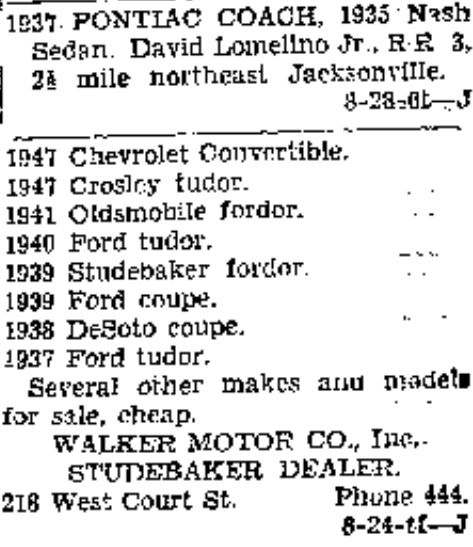

Auctioneers will be glad to show farm on request. Phone 2010 or 27.
